

Business Lines

Please be aware that due to price increases by our suppliers in line with inflation plus additional allowed by Ofcom. Bartel has now been forced to increase our line service charges, including broadband from the 1st April 2024. This is only the third increase in our service charges in over a decade. Anticipated increases will be between 10% & 15%. Charges will apply on invoices dated from 1st April 2024.

- Transfer your line rentals to Bartel and benefit from highly competitive rates, without compromising quality or customer service.

- We can provide cheaper line rental than your current provider, with a simple hassle free transfer with no changes, disruption or loss of service. You could save up to 40% on your current charges.

- Your lines will still be maintained and repaired by BT Openreach engineers to your premises.

- We carry all types of line rentals Analogue. ISDN2 and ISDN30.

- Personal account team based in the UK offering exceptional support to all our business customers, dealing with your query from start to finish.

- No need to change your existing numbers.

- Keep your existing line features or add more.
